Solution**

**ABOUT CES ASIA**

With 500 exhibiting companies, 1,200 member of the media and expected attendance of over 40,000, CES Asia 2018 is the premier event for the consumer technology industry in China. CES Asia showcases innovation across several vertical industries in the Asian marketplace while providing companies, from leading Chinese and global brands to startups, a platform to create partnerships, build relationships and reinforce their brand.

# An Interactive Stage Presentation for Your Company to Present their Blockchain Solution

## June 11-13

### WHAT IS IT?

The Blockchain infrastructure is rewriting the rules for every type of business imaginable. From gaming to supply chain, telecom to B to B, the interest in moving to the blockchain is mounting.

At CES Asia 2019 attendees will get to hear about your company's solution and learn your Blockchain expertise in a highly interactive and engaging environment.

Through an interactive game called "What's My Blockchain?" the audience will be to try to guess your specific implementation through clues. Then you will make a formal presentation about your company's implementation.

### There will be three sessions:

- Gaming and Entertainment on the Blockchain
- IOT and Telecomm on the Blockchain
- Supply Chain and Contracts on the Blockchain

### COSTS:

If you want to showcase your product on the stage and exhibit on the showfloor:

\$7,500	9 sqm with Turnkey Booth (approx. 10'x10')
\$12,600	18 sqm with Turnkey Booth (approx. 10'x20')
\$17,800	36 sqm (raw space approx. 20'x20')

Your product will can be showcased on this specially built stage area.
